Did you know?

As you are aware, our beautiful little community has grown. We, like numerous others, have experienced a few growing pains over the past few years, including numerous incidences of property crime. But we can do something about it! Our Neighbourhood Watch program is fully supported by the Durham Regional Police Service, and is designed to reduce threats of crime to you and your neighbours. Here's how it works: A network of concerned citizens "watch out" for their neighbours' property, reporting any suspicious or unusual activity. Acting as the "eyes and ears" of the police in their local area, they communicate with each other and the police about crime-related problems within the neighbourhood. ***Let's protect each other!***

At the meeting, special guests from the Durham Regional Police Service will spell out your role in the Neighbourhood Watch Program as well as how to improve the safety of our homes and families. ***Remember, crime prevention is a matter of attitude and involvement by all, not just a job for a few professionals. Our Community needs you! Please be there!***
