

NOTICE FOR BAYSHORE RESIDENTS

PARKING ISSUES

It has been brought to the attention of management that residents who are using the church parking have displayed disrespectful and undesirable behaviour.

Beer bottles, coffee cups, cigarette butts and other litter has been reported in these designated parking spaces and on church property in this area. A positive identification of residents from this building has been made.

The Church has graciously allowed DCC#19 residences to use their property during construction. Please let us be an example of what good neighbours are—if you see litter in the area—please pick it up and dispose of it responsibly.

Shelley Hutchinson,

Registered Condominium Manager
Agent for and on behalf of DCC#19
