

EMERGENCY PROCEDURES

FOR

Persons Requiring Assistance

In the event of a building evacuation, the Management Office requires a list of residents or occupants who may need assistance.

Forms, for Persons Requiring Assistance, can be picked up at the office or from the display rack located beside the office door or on 'Documents' at *thebayshore.net*

All information received is confidential and would only be given to emergency personnel on arrival at the building.

Thank you,

CitySites
