ATTENTION ALL OWNERS/RESIDENTS
EAST STAIRWELL RENOVATION

Please be advised that the Board of Directors have approved for the East Stairwell to be renovated. This project has an estimated time of 4 weeks for completion.

Contractors will be on site starting October 31, 2024. **The East Stairwell will be closed off to all owners and residents.** As we will be repairing the floors, you may experience smells from the epoxy. Fans will be running to try and eliminate the smell.

Please use the west stairwell in case of an emergency or to enter/exit the building.

We thank you in advance for your understanding. Any questions or concerns please contact the management office.

Regards,
