**ATTENTION ALL OWNERS/RESIDENTS OF 1210 RADOM STREET**

**DOG FECES OUTSIDE**

After an inspection of the property outside, it has come to management's attention that a lot of dog owners in the building are not picking up after their dog.

As the weather is getting milder and the snow is disappearing, it is quite disturbing to see how much dog feces are on the grounds. Management is asking each owner/resident to please ensure that they are doing their part to pick up after their dog.

We have cameras surrounding the building and management will be viewing the cameras if it is brought to their attention that someone has not picked up after their pet.

Please be advised we will scoop and apply a chargeback against your unit for this service.

Please be considerate of your neighbours and visitors coming to your home.

Regards,
