TO ALL OWNERS/RESIDENTS OF 1210 RADOM STREET
REMINDER OF PROPER DISPOSAL OF RECYCLING

Dear Residents,

RE: Recycling Contamination Warning

We have been **formally advised by the Region of Durham and Miller Waste** that **plastic bags are still being placed in the recycling bins.**

Please be aware:

NO PLASTIC BAGS OF ANY KIND ARE PERMITTED IN THE RECYCLING BINS – NO EXCEPTIONS. Any plastic bag, even if it contains recyclables, is considered **contamination.**

Additionally, we have been informed that **recycling is being incorrectly placed in black garbage bins**, which is strictly prohibited.

If this misuse continues, the Region of Durham has stated that they may **cancel our weekly recycling pick-up service**, which would negatively affect all residents and owners in the building.

What You MUST Do:

- Only place recyclable materials directly into the designated outdoor recycling bins located at the rear of the building.
- Do not use plastic bags for recycling – all items must be placed loose in the bins.
- Do not dispose of recyclables in black garbage bins.

We are urging all residents to **take this matter seriously** and follow proper recycling procedures to avoid disruption in service and potential fines or penalties for the corporation.

Thank you for your cooperation.
